

Project Name	Recipient	Recipient Street Address	City	State	Zip	For Profit (Y/N)	Project Description	Cost
ACVNAHHS Telehealth Technology Project for Appalachian Ohio	Appalachian Community Visiting Nurse Association, Hospice & Health Services, Inc.(ACVNAHHS)	30 Herrold Avenue	Athens	OH	45701	N	ACVNAHHS proposes to introduce telehealth services in Athens, Meigs and Hocking Counties in Ohio. This project is a valuable use of taxpayer funds because it will be used with patients whose diagnoses include congestive heart failure, cardiopulmonary disease and diabetes, a population especially at risk for re-hospitalization.	\$311,000.00
Advanced Vehicular Technology	Hocking College	302620 Industrial Park Drive	Logan	OH	43138	N	As part of Hocking College's current Automotive Hybrids vehicular technology program, the college offers courses in automotive electricity, batteries, drive systems, diagnostics, and others. Because of the technical training focus and the college's commitment to providing relative, hands-on experience to its students, this training equipment and workstations is critical to the delivery of a quality technician training program which is a valuable use of taxpayer funds because it will create more jobs in this emerging sector for Ohio's 18th District.	\$500,000.00
American Red Cross Eastern Ohio AED Initiative	American Red Cross	1451 4th St., NW	New Philadelphia	OH	44663	N	The purpose is to purchase and distribute Automated External Defibrillator (AEDs) throughout Carroll, Harrison and Tuscarawas counties for law enforcement vehicles, volunteer fire department trucks and non-profit organizations. The initiative will also provide Cardiopulmonary Resuscitation (CPR) and AED training to the recipients. The benefits to taxpayers will be to increase the survival rate of sudden cardiac arrest.	\$250,000.00
Appalachian Mentoring Project	Big Brothers Big Sisters of Athens	P.O. Box 1199	Athens	OH	45701	N	The project will address the problems of poor academic performance and juvenile delinquency in Appalachia through the creation and maintenance of 250 professionally supported one-to-one mentoring relationships between high-risk youth aged 6 to 16 and trained adult mentors. The program is valuable to taxpayers because it will reduce negative behaviors and juvenile delinquency while also improving school performance and developmental assets for enrolled youth.	\$60,900.00
Assessment of Land Management Practices for Reducing Runoff and Improving Water Quality from Urban Areas	USDA - Agricultural Research Service	P.O. Box 488	Coshocton	OH	43812	N	The proposed project is to provide research the effects of erosion on the land and ways to prevent it. This research is a valuable use of taxpayer funds because the results would be helpful in urbanizing areas throughout the 18th District, the state and nation as they try to control accelerated erosion, runoff and flooding as urbanization takes place.	\$784,000.00
Atwood Sewer District	Carroll County Commissioners	119 South Lisbon Street	Carrollton	OH	44615	N	Funds from this project would be used to support environmental infrastructure developments in Carroll County. This project is a valuable use of taxpayer funds because it would support economic development opportunities for the region.	\$500,000.00
Belmont County Sanitary Sewer District	Belmont County Commissioners	P.O. Box 457	St. Clairsville	OH	43950	N	This project is a valuable use of taxpayer funds because it will utilize the services of Professional Engineering Consultants, inspectors, construction laborers, and equipment operators. This project will also support long term employment for fairground employees and vendors. Activities promoted at the fairgrounds will also support local business. These jobs will also extend into the 6th Congressional District.	\$500,000.00
Big Brothers Big Sisters of Central Ohio Residential Camp Programs for At-Risk Youth	Big Brothers Big Sisters of Central Ohio, Inc.	1855 East Dublin-Granville Road	Columbus	OH	43229	N	Funds from this project will be used to enhance the mentoring programs at Camp OtyOkwa. This project is a valuable use of taxpayer funds because it will help an at-risk population in Ohio	\$530,000.00
Biorepository for Children's and Women's Cancers: Platform to Personalized Medicine	The Research Institute at Nationwide Children's Hospital	255 East Main St.	Columbus	OH	43215	N	The Biorepository for Children's and Women's Cancers: Platform to Personalized Medicine project will support efforts of physicians and researchers nationwide for improving care and finding faster cures. This initiative is a valuable use of taxpayer funds because it will be a model for institutions throughout the cancer research and biorepository domain. This facility is the main children's cancer research facility serving Southeastern Ohio.	\$460,000.00
Buffalo-Derwent Sewer System	Guernsey County	627 Wheeling Avenue	Cambridge	OH	43725	N	Funds from this project would support the creation of a new sewer system for residents of the villages of Buffalo and Derwent. This project is a valuable use of taxpayer funds because it will create a sewer system for residents of the area and enhance economic development opportunities for residents of the region.	\$500,000.00
Burr Oak Regional Water District - New Water Treatment Plant	Burr Oak Regional Water District	23554 Jenkins Dam Road	Glouster	OH	45732	N	Funds from this project would be used to create a new water treatment plant for the Burr Oak Regional Water District. This project is a valuable use of taxpayer funds because it improves the water quality in a four county area, creating new economic development opportunities.	\$500,000.00
C.R. 213 Steel Truss Bridge Replacement, Jefferson Township, Ross County, OH	Ross County Commissioners	2 North Paint St. Suite H	Chillicothe	OH	45601	N	Funds would be used to replace an aging bridge in Jefferson Township in Ross County, OH. This project is a valuable use of taxpayer funds because it will improve the transportation infrastructure in the region, improving safety and creating jobs.	\$435,000.00
Carbon Dioxide Sequestration and Corrosion	Ohio University	Cutler Hall	Athens	OH	45701	N	Funds from this project will be used to purchase equipment needed for research into energy production. This request is a valuable use of taxpayer funds because it supports research and development into advanced energy technology.	\$1,200,000.00
Carroll County Commerce Park Expansion	Carroll County Commissioners	119 South Lisbon Street	Carrollton	OH	44615	N	The Carroll County Commerce Park Expansion project would support environmental infrastructure developments that would improve development opportunities for the Carroll County Commerce Park. This project is a valuable use of taxpayer funds because it will enhance economic development opportunities for Carroll County.	\$500,000.00
Carroll County Rail	Carroll County Commissioners	119 S. Lisbon St.	Carrollton	OH	44615	N	Funds would be used for repairing a 26-mile portion of rail track that is the main rail route into the center of the county. This project is a valuable use of taxpayer funds because it will improve the transportation infrastructure in the region, improving safety and creating jobs.	\$500,000.00

Carroll County Sheriff Equipment Upgrade	Carroll County Sheriff	43 2nd St SE	Carrollton	OH	44615	N	Funds from this project would be used for an equipment upgrade for the Carroll County Sheriff's Office. This project is a good use of taxpayer funds because it will enhance the ability of the Carroll County Sheriff's office to protect the residents of the region.	\$140,000.00
Center for Algal Systems Technology	Ohio University	Cutler Hall	Athens	OH	45701	N	Funds from this project would be used for research equipment needed to advance understanding of algae-based technology. This project is a valuable use of taxpayer funds because it supports the development of technology that could lead to job growth in the agricultural and industrial sectors.	\$500,000.00
City of Newark High Rate Treatment System	City of Newark, Ohio	34 South 5th Street	Newark	OH	43055	N	Funds from this project would be used to improve the water treatment system in Newark, Ohio. This request is a valuable use of taxpayer funds because it would reduce sewer overflows into the Licking River.	\$500,000.00
City of Wellston Waterline Replacement and Water Storage Tank Improvements	City of Wellston	203 East Broadway	Wellston	OH	45692	N	Funds from this project would be used to improve the quality of the water system servicing Wellston, Ohio. This project is a valuable use of taxpayer funds because it will improve the quality of water service available to the residents of Wellston.	\$500,000.00
Coalton Water Tower Replacement Project	Village of Coalton	10 Second Street	Coalton	OH	45621	N	Funds from this project would be used to upgrade the water infrastructure in Coalton, Ohio. This project is a good use of taxpayer funds because it will replace an aging water tower and improve the water service available to area residents and enhance economic development opportunities.	\$450,000.00
Coalton Waterline Replacement Project	Village of Coalton	10 Second Street	Coalton	OH	45621	N	Funds from this project would go towards the replacement of waterlines in Coalton, Ohio. This project is a valuable use of taxpayer funds because it will improve the water infrastructure of Coalton and enhance economic development opportunities for the region.	\$500,000.00
Combat Skills Simulation Systems	Ohio Army National Guard	2825 W. Dublin Granville Rd.	Columbus	OH	43235	N	Funds would be used for training simulators that will enable the Ohio Army National Guard to train for the types of missions typically conducted by Ohio National Guard units when deployed in support of Operation Iraqi Freedom and Operation Enduring Freedom. It will permit the Ohio National Guard to keep its soldiers and units at higher states of readiness during the dwell time between deployments. This project is a valuable use of taxpayer funds because it will improve the readiness of our National Guard.	\$4,400.00
Communication Infrastructure Upgrade for Harrison County Sheriff	Harrison County Sheriff	114 Court St.	Cadiz	OH	43907	N	Funds from this project will be used to improve the equipment available to the Harrison County Sheriff's office. This project is a valuable use of taxpayer funds because it assists the Harrison County Sheriff's office in protecting and serving the residents of Harrison County.	\$56,356.00
Community Action Service Center - Multi-purpose Community Facility	Hocking.Athens.Perry Community Action	P.O. Box 220	Glouster	OH	45732	N	HAP Community Action will continue the renovation of an unused Ohio Department of Corrections facility as a multi service community center for an economically distressed and medically underserved area of Appalachia Ohio. This remodeled facility will provide accessible public services as well as a partnership of a variety of health and social services in an economically distressed area of three bordering counties. In addition to the public and social service impact, the creation and relocation of over 60 full and part time jobs will continue to have a positive economic impact on this poor community. This project is a valuable use of taxpayer funds because it will improve the infrastructure of a critical community building that enhances the quality of life for the community.	\$500,000.00
Community Health Improvement Initiative	Knox Community Hospital	1330 Coshocton Road	Mt. Vernon	OH	43050	N	The purchase of a 64-Slice CT Scanner at Knox Community Hospital will increase the number of patients cared for and procedures. It benefits that taxpayers by allowing the hospital to perform procedures currently not offered in Knox County.	\$500,000.00
Connecting Appalachia: Telemedicine Initiative	Holzer Medical Center Jackson	500 Burlington Rd.	Jackson	OH	45650	N	The funds being requested for FY 2010 will supply a wide range of telemedicine equipment for Holzer Medical Center Jackson. This is a valuable use of taxpayer funds because it increases the quality of medical care while reducing costs via telemedicine.	\$33,000.00
Construct New Supply Warehouse	Ohio Air National Guard	2825 W. Dublin Granville Rd.	Columbus	OH	43235	N	Funds would be used for a new supply warehouse and fitness area at the Zanesville Air National Guard Station, within the limits of Unspecified Minor Military Construction funding authorized by 10 USC 2805. This is a valuable use of taxpayer funds because it will improve the readiness of our National Guardsmen.	\$700,000.00
Controlling Runoff Due to Increasing Imperviousness Due to Urbanization	USDA - Agricultural Research Service	P.O. Box 488	Coshocton	OH	43812	N	This research will take place at the North Appalachian Experimental Watershed. It is a valuable use of taxpayer funds because it will develop management practices that slow the flow of water which is essential in reducing the impacts of flooding. This information could be used by municipalities and other entities in the 18th District to reduce the damages caused by flooding.	\$350,000.00
Coshocton City School Technology Equipment	Coshocton City Schools	1207 Cambridge Rd.	Coshocton	OH	43812	N	The requested funds will be used to buy technology equipment for the Coshocton City Schools. This is a very valuable project for the community as it will provide for the Science, Technology, Engineering and Math (STEM) program for elementary and 7th and 8th grade students.	\$198,404.00
County Road 207 Rehabilitation and Resurfacing	Ross County Commissioners	2 North Paint St. Suite H	Chillicothe	OH	45601	N	Funds would be used for rehabilitating and resurfacing County Road 207 in Ross County, OH. This project is a valuable use of taxpayer funds because it will improve the transportation infrastructure in the region, improving safety and creating jobs.	\$500,000.00
County Road 222 Resurfacing	Ross County Commissioners	2 North Paint St. Suite H	Chillicothe	OH	45601	N	Funds would be used for resurfacing County Road 222 in Ross County, OH. This project is a valuable use of taxpayer funds because it will improve the transportation infrastructure in the region, improving safety and creating jobs.	\$500,000.00
County Road 35 Resurfacing	Ross County Commissioners	2 North Paint St. Suite H	Chillicothe	OH	45601	N	Funds would be used to resurface County Road 35 in Ross County, OH. This project is a valuable use of taxpayer funds because it will improve the transportation infrastructure in the region, improving safety and creating jobs.	\$500,000.00

County Road 43 Improvement	Harrison County Commissioners	100 W. Market St.	Cadiz	OH	43907	N	Funds would be used for improving an important county highway, restoring an acceptable level of service for agricultural, commercial, and residential traffic. This project is a valuable use of taxpayer funds because it will improve the transportation infrastructure in the region, improving safety and creating jobs.	\$400,000.00
County Road 44 Improvement	Harrison County Commissioners	100 W. Market St.	Cadiz	OH	43907	N	Funds would be used to resurface 12.4 miles of Harrison County Road 44. This project is a valuable use of taxpayer funds because it will improve the transportation infrastructure in the region, improving safety and creating jobs.	\$500,000.00
Dillon Falls Connector Project	Muskingum County Engineer	155 Rehl Rd.	Zanesville	OH	43701	N	Funds would be used for improving 1150 feet of roadway, including redesigning and constructing a railroad overpass, on Dillon Falls Road in Muskingum County, OH. This project is a valuable use of taxpayer funds because it will improve the transportation infrastructure in the region, improving safety and creating jobs.	\$500,000.00
DNA Capacity Enhancement	Ohio Attorney General's Office, Bureau of Criminal Identification and Investigation	1560 State Route 56, SW	London	OH	43140	N	Funds from this request would be used to update the Attorney General's DNA database. This project is a valuable use of taxpayer funds because it will enhance law enforcement capabilities in Ohio.	\$650,000.00
Dover Dam, Muskingum River, OH	Muskingum Watershed Conservancy District	1319 Third Street, NW	New Philadelphia	OH	44663	N	Funds for this request will be used to make critical improvements to the Dover Dam. This project is a valuable use of taxpayer dollars because it will improve the condition of the existing dam thus mitigating the potential for flooding.	\$500,000.00
Dresden-Trinway Water Distribution Project	Village of Dresden	PO Box 539	Dresden	OH	43821	N	Funds from this project would be used to improve the water infrastructure for the residents of Trimway. This project is a good use of taxpayer funds because it improves the water infrastructure for residents of the region and enhances economic development opportunities.	\$500,000.00
Eastport Avenue Improvement Project	City of Uhrichsville, OH	305 E. Second Street	Uhrichsville	OH	44683	N	Funds would be used to grind and pave Eastport Avenue and update or replace approximately 100 feet of storm sewers and three catch basins.	\$100,000.00
Energy and Green Laboratories	Zane State College	1555 Newark Road	Zanesville	OH	43701	N	Funds will be used to upgrade equipment for science and engineering laboratories as well as training facilities at Zane State College. This project is a valuable use of taxpayer funds because it will train technicians for jobs in green industries.	\$500,000.00
Equipment for Cardiac Electrophysiology Lab	Genesis HealthCare System	2951 Maple Avenue	Zanesville	OH	43701	N	The addition of Electrophysiology services would greatly increase the quality of life for residents within our area of Appalachia. This project is a valuable use of taxpayer funds because regional patients that suffer from heart disease or require advanced cardiac care will be served by this initiative, expanding employment opportunities.	\$500,000.00
Equipment Upgrade for Muskingum County Sheriff	Muskingum County Sheriff	28 N. 4th St.	Zanesville	OH	43701	N	Funds from the Equipment Upgrade for Muskingum County Sheriff project would be used to improve the law enforcement equipment available to law enforcement in Muskingum County. This project is a good use of taxpayer funds because it will assist the Muskingum County Sheriff's Department in protecting the residents of Muskingum County.	\$300,000.00
Expanding End-of-Life Health Care Services to the Community through Hospice House Programming	Hospice of Tuscarawas County, Inc.	201 W. 3rd Street	Dover	OH	44622	N	This project will purchase major equipment needed to expand end-of-life healthcare programs through a standalone Hospice facility. This program is a valuable use of taxpayer funds because there is currently no such program in this rural area available to people who cannot end their lives at home with their families.	\$500,000.00
Extend Runway, Richard Downing Airport	Coshocton County Commissioners	401 1/2 Main St	Coshocton	OH	43812	N	Funds would be used to extend the runway at Richard Downing Airport in Coshocton, OH. This project is a valuable use of taxpayer funds because it will improve the transportation infrastructure in the region, improving safety and creating jobs.	\$450,000.00
Frankfort Water Line Replacement Project	Village of Frankfort, Ohio	20 North Main Street	Frankfort	OH	45628	N	Funds from this project will be used to improve the water infrastructure serving the residents of Frankfort, Ohio. This project is a valuable use of taxpayer funds because it would provide sufficient quality and quantity of potable water to residents of the Village of Frankfort, enhancing economic development opportunities.	\$500,000.00
Fredericktown Water Tower	Village of Fredericktown	2 East Sandusky St.	Fredericktown	OH	43019	N	This project will benefit existing industries located to the west of State Route 13 plus it will benefit the entire population of the Village by providing the amount required by the Ohio EPA of elevated storage in excess of the Village's daily average consumption of 230,000 gallons per day. This project is a valuable use of taxpayer dollars because it will improve water infrastructure and enhance economic development opportunities for Knox County and the area around Fredericktown.	\$500,000.00
Fresno Wastewater Collection and Treatment Project	Coshocton County Commission	401 Main Street	Coshocton	OH	43812	N	Funds from this project would be used to upgrade the sewer infrastructure serving residents in the area of Fresno, Ohio. This project is a valuable use of taxpayer funds because it improves the sewage system for the residents of Fresno, Ohio and the surrounding area.	\$500,000.00
Fused Silica for Large-Format Transparent Armor	Momentive Performance Materials	611 O'Neill Drive SE	Hebron	OH	43025	Y	This project would develop next-generation transparent armor materials, providing the U.S. military with a new high-performance, low-cost fused silica-based system for future vehicle and other applications. This project is a valuable use of taxpayer funds because it would keep and support jobs in an economically-distressed area while making our troops safer abroad.	\$4,000,000.00
Georgetown Water System Extension	Georgetown Water System	238 Devore Street	Adena	OH	43901	N	Funds from this project would be used to improve the water infrastructure for the residents of Georgetown. This project is a valuable use of taxpayer funds because it will improve the water infrastructure in Harrison County, leading to more economic development opportunities.	\$262,500.00
German Township Road 165 Widening and Resurfacing	German Township Trustees	87888 Amsterdam Rd.	Jewett	OH	43986	N	Funds would be used for the widening of German Township Road 165. This project is a valuable use of taxpayer funds because it will improve the transportation infrastructure in the region, improving safety and creating jobs.	\$500,000.00

Grazing Research Project at the North Appalachian Experimental Watershed, Coshocton, OH	USDA - Agricultural Research Service	P.O. Box 488	Coshocton	OH	43812	N	Grazing minimizes the start up costs for farming; lowers energy consumption; and can offer protection to highly erodible lands when good environmental practices are put in place. This management practice allows us to maximize the grasslands in 18th District as well as Eastern United States. Much of the grassland research comes from the Western United and States with different forages, rainfall, management and soils. This continuing research is a valuable use of taxpayer funds because it provides needed information for establishing and maintaining grazing enterprises in our region.	\$530,000.00
Guernsey County Homeless Veterans Project	Guernsey County Disabled American Veterans	2090 North Avenue	Cambridge	OH	43725	N	Funds would be used for facilities to offer housing and services to our homeless veterans. This project is a valuable use of taxpayer funds because it will aid those who served our nation.	\$742,000.00
Heath Water Tower	City of Heath	1287 Hebron Rd	Heath	OH	46056	N	Funds from this project would be used to construct a needed water tower in Heath. This project is a valuable use of taxpayer funds because it will improve water service to the residents of Heath and enhance economic development opportunities for the region.	\$500,000.00
Hocking MRDD Adult Workshop	Hocking County Board of Mental Retardation and Developmental Disabilities	1369 East Front	Logan	OH	43138	N	The Hocking County Board of Mental Retardation and Developmental Disabilities is seeking federal assistance for a building project to meet the needs of individuals with MRDD in Hocking County, Ohio. This project is a valuable use of taxpayer funds because it would allow the board to expand their services for adults with disabilities by renovating a school building for its use.	\$500,000.00
Holmes County Trail Phase 5	Holmes County Park District	1 Trail Drive Suite B	Millersburg	OH	44654	N	Funds would be used for planning, designing, developing and constructing Phase 5 of the Holmes County Trail. This project is a valuable use of taxpayer funds because it will improve the transportation infrastructure in the region, improving safety and creating jobs.	\$500,000.00
Immersive Education Programs	International Center for the Preservation of Wild Animals (ICPWA)	14000 International Road	Cumberland	OH	43731	N	The Wilds is a educational learning facility that is working to advance conservation through education and personal experience. The appropriations will assist The Wilds in their efforts to implement their programs and increase the knowledge of conservation techniques. These funds are valuable to the taxpayer because they will be used as an educational partner with numerous school districts in the surrounding regions.	\$500,000.00
Implementation and Development of Video Conferencing Support and Delivery of Local Area Historical Resources	Tuscarawas Carroll Harrison Educational Service Center	834 East High Ave.	New Philadelphia	OH	44663	N	The funds will be used for the implementation and development of video conferencing support for distance learning. This is a valuable use of funds because many schools in the Appalachian region do not have the funds to afford field trips to historical locations, and this equipment will allow them to learn about them through video conferencing.	\$494,500.00
Jackson County Road 2 Marking	Jackson County Commissioners	3062 Clary Road	Jackson	OH	45640	N	Funds will be used for applying 220 miles of centerline markings for passing and no-passing zones throughout the Jackson County highway system. Passing zones will be located based upon federal safety passing zone studies previously completed as per the Uniform Manual on Traffic Control Devices. This project is a valuable use of taxpayer funds because it will improve the transportation infrastructure in the region, improving safety and creating jobs.	\$193,600.00
Jackson County Road 76 Bridge Replacement	Jackson County Commissioners	3062 Clary Road	Jackson	OH	45640	N	Funds would be used for replacing the existing 55' long and 26' wide bridge located on Beaver Pike. A steel beam bridge, with a reinforced concrete deck, will be constructed with new guardrail on each approach. This project is a valuable use of taxpayer funds because it will improve the transportation infrastructure in the region, improving safety and creating jobs.	\$180,000.00
Jacksontown Sewer Project	Licking County Commissioners, Licking County Water and Wastewater Department	P.O. Box 490	Newark	OH	43058	N	Funds from this project would be used to upgrade the Jacksontown, Ohio sewer system. This project is a valuable use of taxpayer funds because it will improve the sewer system infrastructure of the region and enhance economic development opportunities.	\$500,000.00
Jobs for Ohio's Graduates Dropout Prevention Initiative	Jobs for Ohio	21 E. State Street Suite 320	Columbus	OH	43215	N	This project expands dropout prevention programs in Ohio by implementing programs in 20 middle and high schools and community colleges serving 800 at-risk youth. This is a valuable use of taxpayer funds because the program that partners with employers to teach hands-on skills tied to academics which helps students stay in school and make the transition from high school to college or a meaningful career.	\$300,000.00
Jumpstart for First Responder/Disaster Relief Program for Homeland Security Education	Ohio Christian University	1476 Lancaster Pike	Circleville	OH	43113	N	This project will jumpstart OCU's program to educate students in First Responder/Disaster Relief, which will make them more marketable for employment and/or higher wage employment. This project it a valuable use of taxpayer funds because it will re-educate the workforce in the 18th district and Ohio in order to obtain employment and/or higher wage employment in the First Responder/Disaster Relief industry.	\$500,000.00
Kennebec Ave. West Sewer Separation Project	Village of McConnelsville, Ohio	9 West Main Street	McConnelsville	OH	43756	N	Funds from this project would be used to upgrade the sewer in McConnelsville. This project is a valuable use of taxpayer funds because it will improve the water infrastructure in the Village of McConnelsville and minimize negative environmental impacts.	\$500,000.00
Kenyon College Information Technology and Equipment	Kenyon College	College Relations Center	Gambier	OH	43022	N	Funding is being sought to meet the needs of both the campus community as well as regional Ohio high school students involved in the Kenyon Academic Partnership (KAP) and the Kenyon Team 9 programs. KAP seeks to increase the education attainment level of local students by providing them with college-level courses taught in their schools and supported by Kenyon faculty. This is a valuable use of taxpayer funds because it will increase the career and educational opportunities of students in the 18th District.	\$299,615.00
Kids on Campus Afterschool Program, Trimble Elementary School in Athens County, OH	Trimble Local Schools	One Tomcat Drive	Glouster	OH	45732	N	Federal funding will support one-time costs to re-establish a successful after-school program. The program is a valuable use of funds because it will serve approximately sixty at-risk children enrolled in the first through fourth grades, fifteen hours each week after school during the school year.	\$175,000.00

Knox County Decentralized Sewer Project	Knox County Board of Commissioners	117 East High Street, Suite # 161	Mt. Vernon	OH	43050	N	Funds from this project would be used to improve the septic systems available to residents of Knox County. This project is a good use of taxpayer funds because it will improve the septic infrastructure and economic development opportunities for the region.	\$500,000.00
Law Enforcement Training Distance Learning Initiative, Ohio University Chillicothe Campus	Ohio University	Cutler Hall	Athens	OH	45701	N	The funds will support one-time equipment costs to implement a distance learning component to the Ohio University-Chillicothe Law Enforcement Training program and enhancing its forensic laboratory. This is valuable to the taxpayer because an on-line distance learning program will enable non-traditional students and additional public safety personnel to participate	\$57,975.00
Leesville Wastewater Treatment Plant & Collection System Project	Village of Leesville	65 Lover's Alley	Leesville	OH	44639	N	Funds from this project would be used to upgrade the sewer system serving the residents of Leesville, Ohio. This project is a valuable use of taxpayer funds because it would offer sewer service to residents of the area and improve opportunities for economic development.	\$500,000.00
Madison Township Fire Project	Madison Township Fire	51 First Street, NE	Newark	OH	43055	N	This is a valuable use of taxpayer funds because it enhances the preparedness of Madison Township Fire in protecting the region's residents.	\$500,000.00
Maysville Sewer Project	Muskingum County Commissioners	401 Main St.	Zanesville	OH	43701	N	Funds from this project would be used to improve the sewage system available to the residents of Maysville, Ohio. The project is a valuable use of taxpayer funds because it will enhance the water infrastructure for area residents and improve opportunities for economic development.	\$500,000.00
Muskingum County Business Incubator	Muskingum County Commissioners	401 Main St.	Zanesville	OH	43701	N	Funds would be used for renovating an old junior high school facility to house multiple small businesses. This project is a valuable use of taxpayer funds because it would promote economic development throughout the region.	\$500,000.00
Muskingum River Swing Bridge Rehabilitation	Ohio Southern Railroad	4789 Papermill Road	Coshocton	OH	43812	Y	Funds would be used to upgrade the bridge's motorized opening devices and install a new electrical operating system on a bridge built in 1897. This project is a valuable use of taxpayer funds because it will improve the transportation infrastructure in the region, improving safety and creating jobs.	\$500,000.00
Muskingum Valley Health Centers Medical Equipment	Muskingum Valley Health Centers	4279 N State Route 376 NW	McConnelsville	OH	43756	N	Morgan County, OH is designated as a high poverty county has the designation of a medically underserved and health professional shortage areas. The requested funds are a valuable use of taxpayer funds as MVHC is working to address these designations by increasing the number of medical providers and primary care services for the target population.	\$489,000.00
North Appalachian Experimental Watershed Research Station, Coshocton, OH	USDA - Agricultural Research Service	P.O. Box 488	Coshocton	OH	43812	N	This funding will support functions at the USDA's ARS research station in Coshocton, Ohio. This project is a valuable use of taxpayer funds because the research facility was established in 1935 and is internationally recognized for its research on water quality, beef and forage systems, and tillage.	\$2,000,000.00
Oak Hill Reservoir Rehabilitation Project	Village of Oak Hill	415 N. Front Street	Oak Hill	OH	45656	N	Funds from this project will be used to improve the water infrastructure surrounding the Village of Oak Hill. This project is a valuable use of taxpayer funds because it will ensure the structural integrity of the Oak Hill Reservoir.	\$125,000.00
Oak Hill Waterline Replacement Project	Village of Oak Hill	415 N. Front Street	Oak Hill	OH	45656	N	Funds from this project would be used to upgrade the water infrastructure in the Village of Oak Hill. This project is a valuable use of taxpayer funds because it will enhance the water infrastructure available to the residents of Oak Hill, Ohio.	\$500,000.00
Ohio & Erie Canal Towpath Trail Aqueduct bridge and trail across the Tuscarawas River	Ohio & Erie Canalway Coalition	520 S. Main St. Suite 2452	Akron	OH	44311	N	Funds would be used for constructing a trail and aqueduct on the Ohio & Erie Canal Towpath Trail. This project is a valuable use of taxpayer funds because it will improve the transportation infrastructure in the region, improving safety and creating jobs.	\$500,000.00
Ohio 16 Dresden-Coshocton Connector	Ohio Department of Transportation	1980 W. Broad St.	Columbus	OH	43223	N	Funds would be used for a completion of a halted highway project connecting Dresden and Coshocton. This project is a valuable use of taxpayer funds because it will improve the transportation infrastructure in the region, improving safety and creating jobs.	\$500,000.00
Ohio 313 Fire Pressure	Guernsey County	627 Wheeling Avenue	Cambridge	OH	43725	N	Funds from this project would be used to improve the water pressure and fire protection capabilities in Guernsey County. This project is a valuable use of taxpayer funds because it will help to ensure the region's residents have adequate fire protection.	\$250,000.00
OhioHealth Regional Mobile Mammography Unit	Ohio Health	180 East Broad St.	Columbus	OH	43215	N	OhioHealth is seeking to purchase a new customized vehicle, new mammography technology, and bone density scanning equipment to reduce maintenance demands and provide timely mammography services to unreached populations. These funds are a valuable use of taxpayer funds because a majority of the patients seen on the Unit lack transportation or have other socio-economic barriers that prohibit them from traveling to receive imaging services, which is why it is vitally important that we bring this service into these communities.	\$400,000.00
Piedmont Water System Extension	Harrison County Commissioners	100 West Market Street	Cadiz	OH	43907	N	Funds from this project would be used to improve the water infrastructure to the residents in the area of Piedmont, Ohio. This project is a valuable use of taxpayer funds because it improves access to potable water for the residents of the area and improves economic development opportunities for the region.	\$500,000.00
Pleasant Valley Water Treatment Plant	Coshocton County Commissioners	401 Main Street	Coshocton	OH	43812	N	Funds from this project would be used to create a new water treatment plant for the residents around Pleasant Valley. This project is a valuable use of taxpayer funds because it improves the water infrastructure in the region and enhances economic development opportunities.	\$500,000.00

Port Authority Security Modernization Project	Heath-Newark-Licking County Port Authority	851 Irving-Wick Drive West	Heath	OH	43056	N	This project is a good use of taxpayer funds because it will enhance security at the Heath-Newark-Licking Port Authority's multi-modal transportation facility.	\$800,000.00
Quiet, Low-Impact, Alternative Energy Technology: Distributed Power from Wastewater	Ohio University	Cutler Hall	Athens	OH	45701	N	Funds would be used for testing of two technologies developed by Ohio University that process wastewater into hydrogen, nitrogen, and clean water using renewable energy by building and testing three prototypes for military use in partnership with DoD and commercial partners. The technologies remove ammonia/urea from wastewater, producing pure streams of hydrogen, nitrogen, and clean water. This project is a valuable use of taxpayer funds because it will bolster an economically distressed region of Ohio and invest in green jobs and technology, as new manufacturing plants could provide 100 jobs within the next four years.	\$3,800,000
Regional Health Information Technology Project	Genesis HealthCare System	2951 Maple Avenue	Zanesville	OH	43701	N	Nationally, electronic medical records are used in 58 percent of hospitals and doctors' offices. Within the Appalachian region of Ohio, that percentage is less than 2 percent. This request is a valuable use of taxpayer funds because it will help create a Regional Health Information Technology System in Southeast Ohio to make medical care more effective and efficient.	\$500,000.00
Relocation for Township Road 209 (Monastery Road)	Morgan County Commissioners	155 E. Main St. Room 216	McConnellsville	OH	43756	N	Funds would be used for constructing a road critical to the development of an industrial park in Morgan County. This project is a valuable use of taxpayer funds because it will improve the transportation infrastructure in the region, improving safety and creating jobs.	\$500,000.00
Renovate Vehicle Maintenance Building	Ohio Air National Guard	2825 W. Dublin Granville Rd.	Columbus	OH	43235	N	Funds would be used for configuring vehicle maintenance building for new vehicle which is longer than current docking bays. This is a valuable use of taxpayer funds because it will improve the readiness of our National Guard.	\$440,000.00
Ross County Township Road Resurfacing	Ross County Commissioners	2 North Paint St. Suite H	Chillicothe	OH	45601	N	Funds would be used to resurface a number of township roads in Ross County, OH. This project is a valuable use of taxpayer funds because it will improve the transportation infrastructure in the region, improving safety and creating jobs.	\$500,000.00
Roweton School and Employment Center	Ross County Board of Commissioners	2 North Paint St. Suite H	Chillicothe	OH	45601	N	Funds would be used for the modernization of all the operating and utility systems, including heating and cooling, telecommunications and computer networks. This will enable the campus to operate in a more energy-efficient manner. This project is a valuable use of taxpayer funds because it will create employment opportunities for at-risk youth.	\$605,000.00
Rural Economic Development Program	The Foundation for Appalachian Ohio	36 Public Square	Nelsonville	OH	45764	N	Funds from this project would be used to provide business assistance, entrepreneurial training and low interest rate lending for businesses in Appalachian Ohio. This project is a good use of taxpayer funds because it will encourage economic development.	\$500,000.00
Sawko Road Waterline Extension	Harrison County Commissioners	100 West Market Street	Cadiz	OH	43907	N	Funds from this project would be used to improve water infrastructure in Harrison County. This project is a valuable use of taxpayer funds because it will provide potable water services to residents of Harrison County.	\$4,000.00
South Fork of the Licking River Watershed Project, Ohio	USDA Natural Resources Conservation Service	200 North High Street, Room 522	Columbus	OH	43215	N	This would fund the planning of construction that will enhance safety and security of the District, as well as enhance intra- and interstate commerce on Interstate 70, the primary Central Ohio east-west corridor. This project is a valuable use of taxpayer funds because they will be used for completion of construction drawings and specifications for a flood control project that will reduce flooding in Southwest Licking and North Central Fairfield County.	\$125,000.00
Southeast Ohio Center for Excellence in Mathematics and Science (SEOCEMS)	Ohio University	Cutler Hall	Athens	OH	45701	N	Funding is sought to expand the Southeast Ohio Center for Excellence in Mathematics and Science (SEOCEMS) across Appalachia to improve teaching and learning of K-16 math and science. Funding is valuable to taxpayers because it will enable SEOCEMS to reach an additional 61 school districts, 50 principals, 99 teachers, 3,080 students, and 100 families in Appalachia Ohio per year.	\$250,000.00
Southeast Ohio Opioid Treatment Project	Health Recovery Services, Inc.	224 Columbus Road	Athens	OH	45701	N	The current proposal involves administering Suboxone in gradually decreasing doses under the supervision of appropriately qualified and certified physicians and concomitantly providing intensive counseling and case management services. This project is a valuable use of taxpayer funds because it benefits the community through decreasing social disruption, crime, and diseases spread through intravenous drug use.	\$167,690.00
Street repaving, Village of Hopedale	Village of Hopedale	105 E. Main St.	Hopedale	OH	43976	N	Funds would be used for resurfacing Main Street in Hopedale, OH. This project is a valuable use of taxpayer funds because it will improve the transportation infrastructure in the region, improving safety and creating jobs.	\$162,500.00
Technology Communications/Network Infrastructure	Zane State College	1555 Newark Road	Zanesville	OH	43701	N	The Zane State College Technology Communications/Network Infrastructure project will enhance the use of technology for students and trainees at the College's main campus and at a satellite Training Center in a neighboring county. The project is a valuable use of taxpayer funds because it is important for the university to implement planned projects and to support technology needs due to increasing enrollment, training programs, and services	\$500,000.00
Telecare Program for Chronically Ill Seniors	The Visiting Nurse Association Healthcare Partners of Ohio	2500 East 22nd St.	Cleveland	OH	44115	N	VNAHPO's Telecare program uses state-of-the-art daily telemonitoring to partner with physicians, homecare nurses, patients and their caregivers to medically manage patients in their home. This program will serve several counties in the 18th District and is a valuable use of taxpayer funds because it decreases the number of emergency room visits and re-hospitalizations	\$225,000.00
The Tuscarawas County University Branch District Performing Arts Center	Kent State University - Tuscarawas	330 University Drive NE	New Philadelphia	OH	44663	N	The Tuscarawas County University Branch is seeking equipment for their District Performing Arts Center which is to be a focal point for education in areas of dance, music and theater. It is a valuable use of taxpayer funds because it promotes the local economy and attracts tourists to the Ohio 18th Congressional District, and the Northeastern Ohio Appalachian region.	\$500,000.00
The Village of West Lafayette Wastewater Treatment Plant Improvement	The Village of West Lafayette	113 East Railroad Street	West Lafayette	OH	42485	N	Funds from this project would be used to upgrade the water infrastructure for the residents of West Lafayette, Ohio. This project is a valuable use of taxpayer funds because it will help to improve the waste water infrastructure for residents of the region and enhance economic development opportunities.	\$500,000.00
Three Locks Road (County Route 205) Concrete Arch Bridge Replacement	Ross County Commissioners	2 North Paint St. Suite H	Chillicothe	OH	45601	N	Funds would be used for removing an existing bridge and replacing it with a new structure on Three Locks Road in Chillicothe, OH. This project is a valuable use of taxpayer funds because it will improve the transportation infrastructure in the region, improving safety and creating jobs.	\$450,000.00

Tuscarawas Attention Center Project	Multi-County Juvenile Attention System (MCJAS)	815 Faircrest Street, SW	Canton	OH	44706	N	This project is a valuable use of taxpayer funds because it equips the Tuscarawas Attention Center with equipment needed to provide innovative and quality services to unruly, delinquent, dependent, neglected and abused children referred by Juvenile and Family Court Judges so that they might return to their homes and families to earn, live and serve successfully in their community.	\$273,000.00
Use of Amended Filter Socks to Reduce Nutrient and Pesticide Losses in Runoff from Agricultural Fields	USDA - Agricultural Research Service	P.O. Box 488	Coshocton	OH	43812	N	Filter Socks are an innovative solution to erosion and sediment control. This technology is a valuable use of taxpayer funds because it will help communities deal with water quality issues by reducing drinking water costs, increasing recreational usage of water resources and providing employment opportunities for at least three technical positions during the research phase.	\$350,000.00
Vanadium Safety Readiness	Metallurg Vanadium	90790 Southgate Road	Cambridge	OH	43725	Y	Funds would be used for research designed to fill data gaps on the environmental/exposure risks of vanadium--a steel alloy used to make metals more lightweight--in military applications. This project is a valuable use of taxpayer funds because it will improve the safety of our troops.	\$4,200,000.00
Village of Byesville Wastewater Treatment Facility	Village of Byesville	221 East Main Street	Byesville	OH	43723	N	Funds from this project would be used to construct a new wastewater treatment plant for the Village of Byesville. This project is a good use of taxpayer funds because it will improve the water infrastructure for the residents of the area, improving opportunities for economic development for the Village.	\$500,000.00
Village of Chesterhill Sewer System Project	Village of Chesterhill	P.O. Box 191	Chesterhill	OH	43728	N	Funds from this project would be used to construct a new sewer system for the residents of Chesterhill. This request is a valuable use of taxpayer funds because it minimizes public health hazards and enhances economic development opportunities for the region.	\$500,000.00
Village of Cumberland Waterline Extension	Village of Cumberland	402 Mill Street	Cumberland	OH	43732	N	Funds from this project would be used to enhance the water infrastructure of Cumberland, Ohio. This request is a valuable use of taxpayer funds because it will improve the region's water infrastructure and enhance economic development opportunities for the region.	\$500,000.00
Village of Fredericktown Water Line Loop Project	Village of Fredericktown	2 East Sandusky St.	Fredericktown	OH	43019	N	This project will help retain existing employment and will help add additional jobs by providing a looped supply of water to the existing and future industries in the area where this water line will be installed. This project is a valuable use of taxpayer funds because it will help sustain jobs and provide opportunity for future growth.	\$500,000.00
Village of Hanover Central Water System Report	Village of Hanover	401 Echo Dr. NE	Hanover	OH	43055	N	Funds from this project would be used to investigate the need for a central water system in Hanover. This request is a valuable use of taxpayer funds because it will begin the process of improving the water infrastructure in the area, which will enhance the economic development opportunities of the village.	\$40,000.00
Village of Hopedale Wastewater System	Village of Hopedale	105 East Main St.	Hopedale	OH	43976	N	Funds from this project would be used to improve the water infrastructure for the residents of Hopedale. This project is a valuable use of taxpayer dollars because it will improve the water infrastructure of Hopedale and improve economic development opportunities for the region.	\$87,500.00
Village of Hopedale Waterline Replacement	Village of Hopedale	105 East Main Street	Hopedale	OH	43976	N	Funds from this project would be used to improve the water and sewer infrastructure in the Village of Hopedale. This request is a good use of taxpayer funds because it will enhance the water infrastructure of the region, improving opportunities for economic development.	\$250,000.00
Wayne College Holmes County Higher Education Center Equipment	Wayne College Holmes County Higher Education Center	88-B East Jackson Street	Millersburg	OH	44654	N	The request is for equipment for the new Wayne College Holmes County Higher Education Center. This project is a valuable use of taxpayer funds because it will enhance the quality of the local workforce, increase the number of college credentialed citizens, significantly enhance the college going rate in this Appalachian county and simulate partnerships with other colleges, career centers and high schools.	\$500,000.00
